VIN WELL INTRODUCTIONS FOR 1938

Vin Well Bittersweet—(Blamer-Parrella-Hulin) I. D. 9x4. Here is a great dahlia with a new color. Copper red overlaid amber, deeper at center giving the whole effect a bittersweet red. An early, prolific bloomer on excellent stems. Bush growth 4-4½ feet and is very insect resisting. Wen four blue ribbons as a seedling in stiff competition and is on Mr. Johnson's and Mr. Barron's Honor Rolls of Dec. 1937.

Roots \$10.00-Plants \$5.00

Vin Well Royalist—(Blamer-Parrella-Hulin) I. D. 10x5. Deep lavender purple overlaid or striped violet purple—definitely violet at the center. Always large blooms on stems stiff as canes. A free bloomer although rather late to start. Will stand good culture and forcing for the show room. This flower won the blue the only time it was ever exhibited. Bush growth 5-6 feet.

Roots \$10.00-Plants \$5.00

Ada Hoffman—(Parrella-Blamer-Hulin) I. D. 9x4. This dahlia was selected by Miss Ada Hoffman, daughter of the Governor of New Jersey, to bear her name, at the A. D. S. Show in New York City in 1937. This selection was made from a great number of undisseminated seedlings. Color, beautiful gold of perfect formation on most excellent stems. Bush growth 4-4½ feet with attractive foliage, deep green in color. Johnston's and Barron's

Honor Rolls in 1937. Stock very limited so it must be Plants only \$7.50.

Director Marshall A. Howe—(Parrella-Hulin-Blamer) F. D. Possibly the greatest favorite dahlia of the late Dr. M. A. Howe. Hence the name, perpetuating the memory of a great lover and friend of the dahlia. The color of this attractive flower is in general effect—Tyrian rose and rose cerise. The petals roll back to the stem thus making it a very hard flower to be hurt by the elements and is carried on a wonderful strong stem well above the foliage. Bush growth about 5 feet. Award of Honor from the Georgia Experiment Station and a place on Mr. Johnson's Honor Roll are among its accomplishments. Blooms 9x5 inches.

Plants only \$7.50

Little Pal—(Blamer-Parrella-Hulin) Miniature F. D. 2½x1½. A neat and lively little fellow that is sure to be noticed in your garden when in bloom. Color, pale yellow overlaid rose tipped deeper rose. Bush about 2 feet and an early and prolific.

Roots \$2.00

Zee—(Blamer-Parrella-Hulin) Min. Bali, 2½x2. Straw yellow overlaid a bronzy rose giving a rich chrome effect. Early and prolific with bare stems from 8 to 12 inches in length. This flower will last for a long time to come.

Roots \$2.00

1938 RELEASES OF OTHER GROWERS

Phyllis Knight—(FitzGerald-Parrella) I. D. A Giant. 12 inch blooms not unusual. Color is salmon and rose pink. Stems like canes with blooms facing. Bush 5-6 feet with deep green foliage. This was a consistant prize winner the past season.

Plants only \$7.50

Kentucky Dawn—(Whites' Dahlia Gardens) S. C. Bloom 10x8. Color buff suffused rose, producing a light golden effect. Rose pencilings. Blooms very large and full, on long slender but strong stems carrying the flower well above vigorous growing bush. Foliage very resistant. Johnson's Honor Roll; Award of The Dahlia Society of Georgia and many ribbons.

Roots \$10.00 Net. Plants \$2.50.

Miss Kate Smith—(White's Dahlia Gardens)
I. D. Bloom 9x6. Carnelian red with daphne red reverse. Might be termed a rich copper. Petals twist and whorl gracefully. Plant and foliage excellent and all in all this is a most desirable dahlia. Award of The Dahlia Society of Georgia.

Roots \$10.00 Net. Plants \$2.50.
